

ECOGEAR PRE-LOVED PROGRAM (Refurbished Gear)

We care about being eco-friendly. That is why we have create our “PRE-LOVED ECOGEAR PROGRAM”.

We use our gear for as long as we can without compromising comfort or quality, so you might spot a few well loved, patched-up backpacks or jackets, Please treat them well, remember you’re part of our effort to reduce waste and give every piece of gear a longer life.

If something feels uncomfortable or isn’t useful please let us know, so we can change it for you and give it a well-earned retirement.

Meet Orlando. He and his family look after and repair all our gear in the village of La Soleda, in Acatenango.
